Commentary

The Fund posted a balanced performance in October. The main positive contributors to the Fund performance during the month had been Reply, Fincantieri, GVS, Fluidra and Technogym. Reply rose as Accenture results and guidance came out above expectations, boosting the optimism on the IT services sector momentum and outlook, which was supported also by the guidance upgrade of the French competitor Sopra Steria. Fluidra outperformed as the Spanish pool equipment specialist posted in-line Q3 results, confirmed its 2026 guidance and benefitted from a strong re-rating of its US peers. Technogym outperformed as some analysts upgraded the stock after Q3 results which should mark the bottom in terms of organic growth rate as management conveyed an optimistic message on Q4 performance. The main detractors to the Fund performance had been Ariston, Amplifon, El.En, Jungheinrich and Fila. Ariston fell as the heating and water heating company came under pressure by some analysts cutting their estimates and price targets ahead of Q3 results amid possible slower-than-expected sales growth and margin pressure due to cost inflation. Amplifon declined as analysts and investors reacted negatively to Q3 results as Ebitda came out slightly below estimates and the guidance confirmation disappointed amid expectations of a possible upgrade following Demant's raise few weeks before. El.En declined dragged down by the underperformance of the Technology sector. During the month the main trades executed had been the sale of Trevi and Fila, and the purchase of Amplifon, Comer, Eurogroup Laminations, Brembo and Technogym.
